### DOCUMENT DISCLAIMER

Every care and precaution is taken to ensure the accuracy of the information provided herein but such information is provided without warranties express, implied or otherwise howsoever arising and EirGrid plc and SONI Limited to the fullest extent permitted by law shall not be liable for any inaccuracies, errors, omissions or misleading information contained herein.

## Background

The Balancing Market Repricing Calendar shall be used as a supporting tool to facilitate the tracking of Repricing and associated Settlement Rerun of manifest errors in the calculation of the Imbalance Settlement Price.

This calendar should be used in conjunction with Balancing Market Repricing Participant Guide.

## Repricing Calendar

Trading Day	Imbalance Settlement Period(s)	Billing Period End Date	Manifest Error ID	Materiality Assessment	Reprice Publication Date <sup>1</sup>
10/09/2024	02:30 to 11:30	14/09/2024 (Week37)	RPC4	To be published	Date to be confirmed

---

<sup>1</sup> Where the materiality assessment has determined that the Price Materiality Threshold has not been met; the Repricing Publication Date will be reflected as 'Not Required'.

## Manifest Error Log

This table sets out the list of issues that have resulted in manifest errors in the calculation of the Imbalance Settlement Price. The 'Manifest Error ID' can be used to track the Imbalance Settlement Periods where a manifest error has been declared.

The resolution of manifest errors resulting from system defects can also be tracked via the Known Issues Report, currently published weekly on the [SEMO Website](#).

Manifest Error ID	Manifest Error Summary	Release Date [If Applicable]
<b>RPC4</b>	Wind Dispatch Instructions not applied to the Imbalance Pricing calculation.	NA
