Capacity Market - Final Qualification Results

Final Qualification Results provides information relating to items listed within Section E.9.5 of the Capacity Market Code for the Capacity Auction, for the Capacity Year 2023/2024, which is expected to be held on the 27th April 2020. The auction will be referred to within this document as the 2023/2024 T-4 Capacity Auction.

In accordance with D.1 of the Capacity Market Code, the Capacity Year 2023/2024 commences on 30th September 2023 and ends on 30th September 2024. The Capacity Year will be referred to in this document as the 2023/2024 Capacity Year.

All information set out in this document relates solely to the 2023/2024 T-4 Capacity Auction.

Date: 03/04/2020

Document: FQR2324T-4

Revision: 1.0

Final Qualification Results

The tables below provide a breakdown of Gross De-Rated Capacity, Awarded Capacity and Net De-Rated Capacity by Technology Class and Unit Type for Existing (Table 1) and New (Table 2) Capacity.

Table 1 – Existing Qualified Capacity by Unit Type and Technology Class

Unit Type	Technology Class	Gross De-Rated Capacity (Existing) (MW)	Awarded Capacity (MW)	Net De-Rated Capacity (Existing) (MW)
Aggregated Generator Unit	Gas Turbine	79.860	0	79.860
Autoproducer	Gas Turbine	115.080	0	115.080
Demand Side Unit	Demand Side Unit	381.277	0	381.277
Interconnector	Interconnector	422.9	0	422.9
Other Dispatchable	Gas Turbine	4513.25	0	4513.25
Other Dispatchable	Other Storage	0	0	0
Other Dispatchable	Pumped Hydro Storage	228.344	0	228.344
Other Dispatchable	Steam Turbine	818.892	0	818.892
Variable	Hydro	190.912	0	190.912
Variable	Solar	0	0	0
Variable	Wind	44.835	0	44.835
Grand Total		6795.350	0	6795.350

Table 2 – New Qualified Capacity by Unit Type and Technology Class

Unit Type	Technology Class	Gross De-Rated Capacity (New) (MW)	Awarded Capacity (MW)	Net De-Rated Capacity (New) (MW)
Aggregated Generator Unit	Gas Turbine	14.474	0	14.474
Autoproducer	Gas Turbine	0	0	0
Demand Side Unit	Demand Side Unit	380.623	17.855	362.769
Interconnector	Interconnector	0	0	0
Other Dispatchable	Gas Turbine	3563.674	418.774	3144.9
Other Dispatchable	Other Storage	209.224	81.36	127.864
Other Dispatchable	Pumped Hydro Storage	0	0	0
Other Dispatchable	Steam Turbine	0	0	0
Variable	Hydro	0	0	0
Variable	Solar	0	0	0
Variable	Wind	5.96	5.96	0
Grand Total		4173.955	523.949	3650.007

Figure 1 shows the New and Existing Qualified Capacity by Technology Class for the 2023/24 T-4 Capacity Auction
