There are in excess of 70,000 Imbalance Pricing periods between 1st October 2018 and 11th June 2019 (inclusive) which are subject to manifest errors and therefore require to be repriced (subject to materiality), as per Section E.3.8.1 of the Trading and Settlement Code.

During a group discussion at the Market Operator User Group on 20th June 2019, it was agreed that Participants could put forward views on this topic.

Please complete the following questions to provide SEMO with your Company's collective view on this matter.

Please note that the results of this survey will not be considered binding. The Trading and Settlement Code takes precedence and SEMO will continue to abide by the code in all matters.

We ask that you complete this survey by **5pm on Thursday 4th of July.**

Kind regards,

SEMO Operations Team
